

Rubber Gripper GB

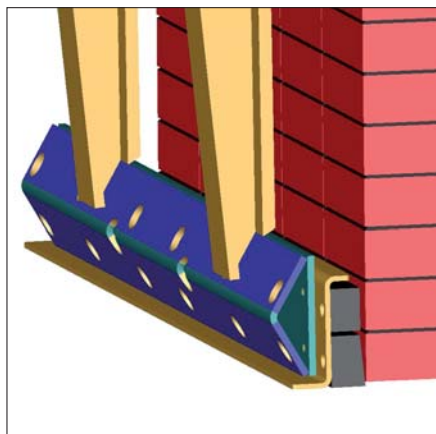

Standard models have 2 rows of rubber metal bars.

- Light weight construction to fit all models.
- Choice of shape, lining and length, thus making the block loading grabs suitable to be used everywhere.
- Highly durable exchangeable rubber metal bars are used as gripping elements.

GB2-N: Two identical rubber rails 50 x 45 mm (2 x 1.77 inch).

GB2-Z: 1 x rubber rail 50 x 35 mm (2 x 1.37 inch). 1 x wedge-shaped rubber rail 60 x 40/34.
