

BoulderGRAB™ / Mechanical Boulder Grab FVZ-UNI

This is a versatile 3-point clamp alternative to hydraulic grapples. Engineered with high tensile construction. The included crane loop and lifting chain adds ease of integration with any lifting equipment. BoulderGRAB is simple to operate, reliable, and requires minimal maintenance. It is perfect for smaller projects.

- Lifting Capacity: 3300 lbs (1,500 kg)
- Opening Range: 37½ in+ (95+ cm)

Type	Opening Range in (cm)	Lifting Capacity lbs (kg)	Dead-Weight lbs (kg)	Order-Number
BoulderGRAB	37+ (95+)	3,300 (1,500)	190 (85)	53100272
